Stephanie/Scott:

Attached a supplemental submission of validated sediment and pore water data that accompanies the CPG RM 10.9 Removal Action. This submission is a complete validated data set for the RM 10.9 Characterization QAPP D.

Please note that the attached zipped data files have been provided as a "ZZP" file and the file extension should be re-named "zip" to open it (in the event EPA's e-mail system rejects this type of file).
